

2008 Chamber Member to Member Discount Program

What is it?

Have you ever heard the expression “members do business with members they know”? Well, here’s our chance to prove it to you. The Greater Sandpoint Chamber of Commerce is launching a member to member discount program so that you have the opportunity to build your business among your fellow chamber members.

Where will offers be posted?

We will utilize our current discount advertising program through Chamber Master called “Hot Deals”*. These offers will be available online 24 hours a day, 7 days a week. We will also highlight offers in the monthly e-newsletter as well as remind members where to find them in our weekly email campaigns.

What is the cost?

FREE! As long as you manage your own offer through Chamber Master, there is no cost to participate! Just log into your Chamber master account, click add a hot deal and fill in the rest! If you need assistance and would like Chamber Staffers to post & manage your offer for you, there will be an administration fee of \$25 for the initial set up and a \$10 charge each time you request a change. Page 2 of this document includes a form that you can print & fax to us.

How do I sign-up?

Anyone can sign up as long as you are a Chamber member. Just log on to Chamber Master with your login & password, click on “add a hot deal” and fill in the rest. (don’t forget to select “check all” for your date range) Make sure that you denote your offer as a Member to Member discount. You may also request that they print the coupon and present it with membership verification such as a copy of their current membership certificate. Please call us at 263-0887 if you need further assistance or do not remember your login or password. We will be happy to help you!

What are the deadlines and requirements?

There is no deadline to sign up. Anytime you decide to participate in the Member to Member program you may sign up. You must however honor your offer for a minimum of three months. At the conclusion of three months you may decide not to participate in the program, continue to participate with the same offer, or participate with a new offer.

All discounts and offers must be something unique to only Chamber Members, it cannot be something that you offer to the general public, or a service that you would offer anyone such as a free consultation. Also, it should be the kind of offer that will entice our members to take advantage of your offer.

*NOTE: You may still post hot deals for the general public while posting a member to member discount. Just remember to note it as a members only discount and make sure it is a special discount just for members.
